CHRYSLER *PACIFICA*

A new-generation PARA-VAN!

Time for the next step! Our first vehicle for disabled persons – the very first PARAVAN – was based on the Chrysler Voyager. Now we're presenting our next-generation PARA-VAN, which features state-of-the-art technology in the form of the Space Drive digital driving and steering system and the PARAVAN Touch system. This technology is supplemented by a sophisticated vehicle-body design that once again includes the classic underfloor ramp and a lower, barrier-free vehicle floor that enables greater flexibility in the interior.

Height limit:	1320 mm	Interior height:	max. 1350 mm	Interior width:	max. 1460 mm
Ramp width:	750 mm	Eye level:	1200 mm	Ramp length:	1100 mm

NOTE: The measurement and consumption information provided by the original manufacturer may no longer be correct after the conversion.

YOUR BENEFITS

- Innovation and technology made by PARAVAN
- Electric underfloor ramp in a dirt and splash-resistant intermediate compartment; mechanical release device (Allen key)
- The sliding door opens quickly and easily and you can extend the lift by remote control
- Lowered floor from the A-pillar to the C-pillar
- Hard-wearing anthracite/black carpet
- Fastenings allow a wheelchair user to be transported as either a front or 2nd-row passenger
- Maximum variability and a comfortable inside height throughout the entire interior
- The driver and front passenger seat are simple, quick and safe to install and remove, thanks to PARAVAN's tried-and-tested seating system
- Proper boot and original 3 seat bench in the rear
- Space Drive® II digital driving and steering system (optional)
- PARAVAN transfer seat base (optional)
- PARAVAN docking station on the driver's and front passenger side (optional)
- PARAVAN Touch system and app (optional)
- PARAVAN Voice Control (optional)
